Safe & Immediate

URS Direct Deposit

URS Direct Deposit

Retiring Right!

Retirement is the time to secure your finances. As many retirees do, you can have your monthly retirement benefit deposited instantly to your checking or savings account.

Consider the advantages:

 **It's timely.**

Your check is credited immediately to your account the last working day of each month.*

 **It's certain.**

Your money is securely in the bank, regardless of the mail, weather, illness, weekends, travel, or other delay. No postage. No trip to the bank.

 **It's safe.**

URS Direct Deposit prevents any possibility of loss or theft.

 **It's free.**

**If we receive your request for direct deposit before that month's cut-off date, the direct deposit will be effective the same month. If we receive your request after the cut-off date, the direct deposit will be effective the following month. Contact the Retirement Office for details.*

Plus, when you choose URS Direct Deposit you'll receive a monthly deposit notification showing your payments, withholdings and deductions. These monthly deposit notifications become a running record of your account activity for the year. At year-end you'll also receive a Form 1099R for tax purposes.

If URS Direct Deposit sounds right for you, complete an authorization form available from the Retirement Office. When you return it *please include a voided check so we can make certain the account number we use is correct.*

Please keep us informed of any address changes to make sure that correspondence, publications, year-end tax, and other important information is sent directly to you.

If you have questions about your check or direct deposits, please call our office: 801-366-7770 or toll-free 800-695-4877.
