

# Tier 2 Nonvested Fund Fact Sheet

Information current as of September 30, 2022

## Objective

The Tier 2 Nonvested Fund seeks to provide a moderate investment portfolio by utilizing the concept of diversification through asset allocation.

## Strategy

This fund emphasizes moderate risk and moderate earnings potential. The Tier 2 Nonvested Fund will be reviewed at least quarterly to determine if a rebalance is required. Any asset class (Large Cap Index, International Bonds, Private Real Estate) outside of its target range at the time of the review will be rebalanced to its target. However, if redemptions from an asset class are limited due to prevailing market conditions, and per the contract with the relevant Investment Manager, that asset class will be brought as close to target as possible during the current quarter.

Because the Tier 2 Nonvested Fund is a portfolio of funds, its relative benchmark index is a portfolio of benchmarks. Each fund within the Tier 2 Nonvested Fund has its own benchmark index to compare performance with. The benchmark for the Tier 2 Nonvested Fund is called the Tier 2 Nonvested Index. The composition of the Tier 2 Nonvested Index is detailed below. 	Quarter	1-Year	Annualized

<b>Tier 2 Nonvested Index</b>	-4.31%	-14.20	2.41	3.61	5.01

## Investment and Administrative Fees

Investment fees are charged by the fund managers to cover the costs of investing money.

Administrative fees cover the costs of maintaining a retirement plan, such as customer service, statements, and recordkeeping. Both fees are charged as a fraction of a percent of the assets under management and are calculated in each fund's daily unit value. Therefore, balances in participant accounts and all rates of return are shown after these fees have been deducted. The chart below shows the annual investment fee added to the administrative fee to give the total fee charged for the Tier 2 Nonvested Fund. The chart also indicates the annual dollar amount charged per \$1,000 invested.

	Annual Investment Fee	Annual Administrative Fee	Total Annual Fee	Dollars per \$1000
<b>Tier 2 Nonvested Fund</b>	0.14%	0.16%	0.30%	\$3.00

## Transfers

Participants are allowed to submit one transfer request (whether electronically, by fax, mail or hand delivered) for their current account balances every 7 days. This applies separately to each plan in which they participate — the 401(k), 457, Roth IRA and traditional IRA each constituting separate plans. In addition, individuals who transfer any or all of their current account between core investment options more often than once every 30 days will be charged a 2% administrative fee on amounts transferred. Each transfer, after being processed, will start a new 30-day period. The fees generated by this policy will be used to reduce the administrative expenses for all plan participants.

Transfer requests received at URS before the close of the New York Stock Exchange (NYSE), generally 2:00 pm Mountain Time, will be transferred using that evening's closing market values. Requests received after the close of the NYSE will be transferred using the next business day's closing market values. On days of unusually heavy transfer activity, computer system failure, or other unforeseen circumstances, URS reserves the right to process transfers using the next available business day's closing market values.
