ALLOWABLE TRANSFERS/ROLLOVERS

Transfers/Rollovers into the URS Traditional IRA Plan

- Retirement plans eligible for rollover to the URS Traditional IRA include: 401(k), 403(b), 401(a), and 457(b).
- IRA plans eligible for transfer to the URS Traditional IRA include: Traditional IRA and SEP-IRA. SIMPLE IRA plans may be rolled into the Traditional IRA provided that you have been a participant in the SIMPLE IRA plan for at least two (2) years prior to the rollover.

Transfers/Rollovers/Conversions into the URS Roth IRA Plan

- The URS Roth IRA will accept funds transferred from another Roth IRA, Roth 401(k), Roth 457(b) or Roth 403(b).
- You can roll over a pre-tax 401(k), 401(a), 403(b), or 457 directly into the Roth IRA. There is no limit to the amount of pre-tax funds you can roll over to the Roth IRA, but because the rollover is taxable, it could affect your tax situation substantially.
- A traditional IRA, SEP-IRA, or Simple IRA may be converted to the URS Roth IRA. A conversion from a traditional IRA to a Roth IRA is taxable and could affect your tax situation substantially. If you have a URS Traditional IRA and would like to convert it to a URS Roth IRA you must complete the **URS Roth IRA Conversion Application**.
- You should refer to the *Roth & Traditional IRA Guidebook* and consult a tax advisor if you are interested in this option.

Transfers/Rollovers into the URS 401(k) Plan

- Retirement plans eligible for rollover to the URS 401(k) Plan include: 401(k), 403(b), 401(a), and 457(b).
- IRA plans eligible for rollover to the URS 401(k) Plan include: Traditional IRA and SEP-IRA. SIMPLE IRA plans may be rolled into the 401(k) Plan provided that you have been a participant in the SIMPLE IRA plan for at least two (2) years prior to the rollover.
- Any funds rolled will become subject to the rules and regulations governing the 401(k) Plan.
- The URS 401(k) Plan only accepts untaxed money.

Transfers/Rollovers into the URS 457 Plan

- The URS 457 Plan will only accept untaxed funds transferred from other 457(b) governmental deferred compensation plans.

TYPES OF TRANSFERS/ROLLOVERS

A DIRECT TRANSFER is between similar plans (e.g., traditional IRA to traditional IRA, 457 plan to 457 plan). A direct transfer occurs when funds from a similar plan are sent directly to URS.

A DIRECT ROLLOVER allows you to move a distribution from one eligible plan to a different type of eligible plan. A direct rollover occurs when a distribution from an eligible plan is paid directly to URS. This avoids federal tax withholding and early withdrawal penalties because the distribution is made directly to URS.

A 60-DAY (INDIRECT) ROLLOVER* is a distribution from a retirement account that is rolled over to an eligible plan or IRA within 60 days. A 60-day or indirect rollover differs from a direct rollover or direct transfer in that the funds are sent to you (the member) and not directly to the new plan (URS). Distributions may be subject to mandatory federal tax withholding. You may replace any amount that was withheld. Any portion of the distribution that is not rolled over, including any taxes that are withheld and not replaced, is treated as a taxable withdrawal, and may be subject to an additional 10% early withdrawal penalty tax.

*You can make only one rollover from an IRA to another (or the same) IRA in any 12-month period, regardless of the number of IRAs that you own. For additional information see *IRS Announcement 2014-15* and *IRS Announcement 2014-32*.

CERTIFICATE OF DEPOSIT

If a CD is to be rolled to URS upon maturity, we must receive this form at least 15 days prior to the maturity date. There may be a premature withdrawal penalty if you choose to liquidate your CD prior to maturity. If you are transferring more than one CD and the maturity dates are more than one month apart, please complete separate forms.

AGE 70 1/2 REQUIRED MINIMUM DISTRIBUTIONS

If you are over age 70 1/2, any amount attributable to a required minimum distribution should be distributed before a transfer or direct rollover to a URS 401(k), 457, or Traditional IRA occurs. Contact the current account trustee/custodian to arrange for this required minimum distribution.

- Transfers and direct rollovers from 401(k) and 457 plans require that any amount attributable to a required minimum distribution be paid out to you before a transfer/direct rollover takes place. Required minimum distribution amounts must be paid from each plan separately.
- Traditional IRA transfers and direct rollovers do not require the trustee/custodian to issue a minimum distribution before the transfer/direct rollover takes place. **However, it is recommended that you contact the current trustee/custodian of the plan to be transferred/rolled to request any required minimum distribution be paid to you.**

POSTING POLICY

URS accepts personal checks and certified funds (i.e. cashier's checks and money orders). URS is unable to accept cash. Certified funds will post to your account within 3 - 5 business days. If you submit a personal check, payment is not posted to your account for a minimum of 5 business days. Returned checks, due to non-sufficient funds, are not posted to accounts. URS charges a \$20 returned check fee for insufficient funds.
