Your Beneficiaries

Divorce Will Revoke Designation of Former Spouse as a Beneficiary

Review beneficiaries at least once a year

o you want to pick your beneficiaries, or do you want a judge to do it for you?

To assure we fulfill your wishes, review your beneficiaries yearly. See your designations and make changes at myURS (see Page 6).

A divorce or annulment will revoke your former spouse as a beneficiary. If you wish to re-designate your former spouse as a beneficiary, you must do so after the date of divorce. If one of your children listed as a beneficiary marries or divorces and changes his or her name, you should change that on your account.

The same applies to beneficiaries who have moved. We need a current address.

If one of your listed beneficiaries has died, you may need to reassess your list of beneficiaries. Always double-check. Incorrect information could delay your wishes or prevent us from fulfilling them.

Retirement Savings Plans

Considering an Outside Advisor? Why Not Talk to Us?

Is someone outside of URS advising you on your URS accounts? Remember, you can talk to us any time to get another perspective.

Look Before You Leap!

Thinking about moving money in a URS Savings Plan to another plan? Be sure to make the right decision for you. **Fill out this checklist first**.

Someone's talking to you about managing your URS retirement accounts — perhaps a financial advisor, planner, or someone with a similar title.

Before you make any decisions about URS retirement benefits or move your money out of URS, why not talk to us first? Here are two ways.

1) Meet with a URS Retirement Planning Advisor. One-on-one sessions are free to all URS members. Register at myURS (see Page 3). Click the "Education" tab.

2) Call a URS Savings Plans Counselor for general information and questions. We're available weekdays 8 a.m. to 5 p.m.: 801-366-7720 or 800-688-4015.

Cost-of-Living Adjustment

COLA Helps Your Pension Keep Up With Inflation

Thanks to your URS pension's cost-of-living adjustment (COLA), your monthly benefit check may increase each year to help keep pace with inflation.

We calculate COLA based on the average monthly change in the Consumer Price Index. Learn more at www.urs.org. Go to the "Retired Members" section and click "Pension Plans" from the menu at left.

Year	URS COLA (Average Monthly CPI)
2011	3.2%
2012	2.1%
2013	1.5%
2014	1.6%
2015	0.1%
2016	1.3%
Total	9.8%

UTAH RETIREMENT SYSTEMS 2016 SUMMARY REPORT TO MEMBERS

Dear valued member:

In his book, *The Art of Retirement*, Gary S. Williams urges us to consider the work and perspectives of Michelangelo as we sculpt our retirement masterpiece. Life resembles art, he writes. And as you plan for retirement, you're like a painter standing before a blank canvas, limited only by your creativity and resources.

The creativity to make your retirement a work of art? It's up to you to find your unique stroke of genius. The resources part? That's where Utah Retirement Systems comes in.

It's our job to give you the palate of tools to help you understand and make the most of your retirement benefits. This Summary Report to Members is one of those tools. Here, we update you on the condition of the pension systems, explain your benefits, and share news and other important information about URS.

of Retirement

As you consider the aesthetics of your retirement, think of your pension as the sturdy easel upon which you work. Even in this challenging economic environment, URS remains one of the best-funded and well-managed public retirement systems in the country. Returns on investments remain competitive, creating an actuarially sound system.

Your employer is an important co-creator, making regular retirement contributions on your behalf. These contributions are quite significant, and I urge you to better understand them by reviewing your pay stubs or other employer-provided information.

On behalf of all URS employees, I want to thank you for entrusting us with the priceless treasure of your retirement security. As curators of Utah public employees' retirement artwork, we consider it our life's work to exemplify our Mission Statement: We serve Utah public employees with retirement and insurance benefits in a partnership of trust with a commitment to value, innovation, and excellence.

Visit www.urs.org to learn more about the other tools URS provides, including seminars, individualized retirement planning, and outstanding retirement savings plans. Together, we'll make your retirement a thing of beauty.

- » The URS pension fund earned an 8.8% return in 2016.
- The fund grew by \$1.86 billion to \$28.5 billion, an all-time high.
- Retirement savings plans contributions exceeded \$357.5 million in 2016, with total assets reaching more than \$5 billion, both all-time highs.

The Additions & Deductions

The Statements of Changes in Fiduciary Net Position show the additions (income) and deductions (expenses) of the Systems. Investment earnings and contributions comprise the additions. The deductions are composed almost entirely of benefit payments and refunds. Additions exceeded deductions by nearly \$1.86 billion in 2016.

The Systems are audited annually by an international CPA firm, Deloitte & Touche LLP. Our actuary, Gabriel, Roeder, Smith & Company, reviews the funding and contribution rates to ensure they are adequate to fund your benefits.

Summary of 2016 Legislation

Here are some of the retirement-related bills passed by the 2016 Utah Legislature:

Public Safety and Firefighters Retirement Systems

S.B. 29: Retirement

System Amendments Provides that an employee of the Department of Corrections shall continue to earn public safety service credit in the Public Safety Retirement System if the employee's position is no longer covered for new employees of the department and the employee continues to meet the eligibility requirements of the system.

General

H.B. 151: Domestic Relations **Retirement Shares**

Provides that a former spouse of a member who dies before retiring may receive an apportioned share of a death benefit in certain circumstances.

H.B. 35: Retirement and **Insurance Benefit Claims Limits**

Establishes a four-year statute of limitations for actions regarding a benefit, right, obligation, or employment right under Title 49; clarifies when a cause of action accrues and the limitation period runs; and provides when the limitation period is tolled and other exceptions.

H.B. 439: Retirement Amendments for Felony Conviction

Provides that URS members are subject to forfeiture of accrual of service credit, employer retirement related contributions, including employer contributions to the employer sponsored defined contribution plans, from the day on which the employment related offense occurred after being convicted of an employment-related felony.

S.B. 19: Phased Retirement

Establishes an optional "Phased Retirement" program that would allow continuing employment on a half-time basis of a retiree with the same participating employer after the retiree's retirement date while the retiree receives 50% of the retiree's monthly retirement allowance. This new program may be offered beginning on January 1, 2017.

S.B. 29: Retirement System Amendments

The annual administrative and technical amendments to Title 49 recommended to the Legislature by URS includes: (1) Reducing the waiting period from three months to 30 days for URS' payment of death benefits that are part of a "small estate"; (2) Clarifying that the definition of final average salary is based on a contract year for educational institutions, state fiscal year for judges, and calendar year for all other participating employers; and (3) Clarifying that the four-year vesting for Tier II defined contribution benefits uses the same method as other retirement systems (within 1/10 of one year of the total years required for vesting).

S.B. 208: Retirement Amendments

This bill: (1) Requires the Utah State Retirement Board to increase certified employer contribution rates to reflect any increased costs from retirement benefit enhancements enacted during a general session or special session under specified conditions; and (2) Amends the definition of "regular full-time employee" to exclude from retirement participation certain classified school employees who work on a contract for the purposes of vocational rehabilitation and the employment and training of people with significant disabilities.

Where Defined Benefit **Retirement Funds Were Invested**

Equities 35.2%

Stocks make us part owner and beneficiary of many successful companies around the world.

Absolute Return 15.6% These strategies strive to achieve returns that have little correlation to the other asset classes.

Debt Securities 15.0%

Whether financing a country's or a corporation's need for money, bonds yield a steady stream of income.

Real Assets 14.7% Investments include real estate, energy, timber, and commodities.

Private Equity 11.3%

Although supplying capital to fund private companies is riskier than some investments, returns are expected to outperform public equity markets over the long term.

Short-term Securities 8.2% Money market accounts allow URS ready funds to make advantageous moves.

Defined Contribution Savings Plans

35.2%

URS Savings Plans (401(k), 457, Roth IRA, and traditional IRA) allow you to increase your sources of retirement income beyond that of your employer's pension and Social Security. These plans are also tax and estate planning tools, providing for tax-deferred investing and possibly tax-free growth. Participants can take advantage of 20 investment options, including 12 asset allocation investment funds (Target Date Funds).

The URS Target Date Funds offer a one-fund approach to investing in the URS Savings Plans. A Target Date Fund gives participants a diversified portfolio through a single investment option. The funds will gradually adjust throughout the participant's career and into retirement. The investment mix, which includes stocks, bonds, and real assets, is automatically reallocated to be weighted more conservatively as the participant ages and enters into retirement.

> "Life is the art of drawing without an eraser." JOHN W. GARDNER

Growing Personal Investments: Member balances in the 401(k), 457, and IRAs at year-end 2016 totaled over \$5.0 billion.

Post-Retired Employment

Plan to Work After Retirement?

Understand how it will affect your retirement benefit

f you retun to work for a URS-participating employer after you've retired, make sure you understand how it will affect your pension.

Different standards apply depending on the length of time between when you retire and return to work. A brief overview is at right.

Rules for post-retirement employment are complicated. Call us at 801-366-7770 or 800-695-4877 to make sure your pension isn't in jeopardy.

What Happens to Your Pension

When you go to work for a URS-participating employer after your retirement date with URS...

Within 60 Days

Your retirement benefit will be canceled. You'll return to active status and earn additional service credit, if you're eligible.

After 60 Days and Within One Year

Your retirement benefit will continue only if you meet these criteria:

- » You don't receive any employer provided benefits, including, but not limited to: medical, dental, paid time off, annual leave, sick leave, other insurance benefits, excluding workers' compensation.
- » Your salary is limited to the lesser of \$16,000 or half of your final average salary during a calendar year. If you exceed the earnings' limitation or receive benefits, your retirement benefit will be canceled.

After One Year

If you meet the separation requirement, you choose to either keep receiving your retirement benefit or to cancel it and earn additional service credit. If you choose the latter, a separate benefit will be calculated based on your new service and salary at the time of your second retirement. Your original retirement benefit and the new retirement benefit will be combined.

To meet the separation requirement, you must not work for any URS-participating employer (including part-time and contract arrangements) for 12 consecutive months.

Is a Roth IRA Conversion Right for You?

It could make sense if you expect your tax rate to be higher down the road

o you expect your tax rate to be higher in the future? If so, you may consider converting some of the pre-tax money you currently have in a 401(k), 457 and/or traditional IRA into a Roth IRA.

A conversion makes it possible to pay taxes now, when you expect your tax bracket to be lower, and make tax-free withdrawals in the future (under certain conditions). The entire amount of your pre-tax conversion will be taxable as income.

What if you're not sure whether your tax rate will be higher now, or in the future? Diversify away some of the uncertainty by converting a portion of your pre-tax account and leaving the rest to grow tax-deferred.

As years go by and your tax bracket changes, you'll be able to choose whether your withdrawals are taxable.
