

# Steps to Retirement Timeline

## Within 5 Years of Retirement

- » Schedule an Individual Retirement Planning Session online at [www.urs.org/us/irps](http://www.urs.org/us/irps).
- » Attend a URS Pre-Retirement Seminar. Learn more at [www.urs.org/us/seminars](http://www.urs.org/us/seminars).

## Within 3 Years of Retirement

- » Request a pension estimate from the Retirement Benefits Department online (if available) or call 801-366-7770.
- » Review the *Retirement Guidebook* applicable to your system or plan, along with the other publications in the Retiring Soon section of the URS website at [www.urs.org/us/retiresoon](http://www.urs.org/us/retiresoon).

## 12 Months Before Retirement

- » Request an updated pension estimate from the Retirement Benefits Department online (if available) or call 801-366-7770. This is a prerequisite to receiving your retirement application. The estimate received in an Individual Retirement Planning Session **does not** satisfy this prerequisite.
- » If you are planning on purchasing Service Credit,<sup>i</sup> other than Future Service Credit, contact the Retirement Benefits Department at 801-366-7770 for the required forms.
- » Check with your employer regarding health insurance coverage after retirement.

## 3 Months Before Retirement

- » Contact the Retirement Benefits Department at 801-366-7770 for a retirement application. You can apply if you are within 90 days before and up to 90 days after your last day worked. The Retirement Benefits Department must complete a pension estimate before you will receive your application.
- » If you are planning to purchase Future Service Credit,<sup>ii</sup> contact the Retirement Benefits Department at 801-366-7770. (*Future Purchases must be completed before you file a retirement application with URS.*)

## 1 Month Before Retirement

- » If you mailed your retirement application and haven't been notified that we've received it, call the Retirement Benefits Department at 801-366-7770.

## Important Notes:

1. The lifetime benefit is paid monthly on the last business day of the month.
2. It can take up to 90 days from your retirement date with URS to receive your first check. Consequently, your first check will likely be larger than subsequent checks since it is paid retroactively back to your official retirement date.
3. The first payment may be estimated. Once all service and salary are verified, your estimated benefit will be finalized, and you will receive a letter confirming your final benefit amount. The difference between the estimated benefit and the finalized benefit will be paid to you.
4. If you selected the Partial Lump-Sum Option (PLSO), it is paid when we issue your first pension check.
5. If your benefit check is estimated, we will only pay you 80% of your PLSO. At the time your benefit is finalized, we will pay the remaining 20%.
6. Estimates provided by the Retirement Benefits Department in the 3 years prior to retirement are a prerequisite to receiving your retirement application. They do not project an increase in salary from raises and do not include the last six months of income. This estimate is a "conservative soft audit" of your years of service and income as it has been reported to URS from your employer and can be different than the estimate provided in the Individual Retirement Planning Sessions.

<sup>iv</sup> If you have forgotten your myURS username and/or password, please call URS at 801-366-7770 or 801-366-7720.

<sup>v</sup> If you prefer, you can request the application be mailed to you, but doing so may delay the application process and the time it takes to receive your first pension check.
