Your Spoke, We Listened » Takeaways from Employer Focus Groups: Page 2
Employer Feedback Helps

Here are five major takeaways we’re addressing to better serve your employees

Thank you to those who participated in our 2018 Employer Focus Group sessions. We received great insights from you. Those insights will help us design and develop systems and procedures that will better help you and your employees.

These sessions produced several major takeaways that we expect to address:

1. Having a batch process for eligible employee certification would be welcomed.
2. The inability to systematically terminate an employee with URS prior to a termination date does not align well with your processes.
3. Downstream actions related to employee terminations are frustrating for you to manage due to steps that should be automated.
4. Real-time functionalities are desired for contribution report editing, contribution report payment, and clearing account statements.
5. We need to extend online adjustment capabilities to you, including an ACH capability for the payment of adjustments.

Please continue to provide us your insights by calling the URS Employer Services Department at 800-753-7318 or 801-366-7318.

We Need Your Insights!
Make your opinions known by taking our Employer Surveys. Check for new surveys here at least once a month.

Need Content for Your Employee Newsletter?
If you have an employee newsletter or internal homepage, we can provide articles with news and information about URS benefits. To learn more, email kory.cox@urs.org.

How Do I Keep Up With Retirement Changes?
Nothing is as constant as change. The best way to stay current on changes in retirement laws and procedures is through the URS Employer Guide (The Guide).

We update The Guide quarterly, so check back regularly. The Executive Summary of Updates shows the latest changes, so you don’t need to search to figure out what has changed each quarter.

If you notice anything in The Guide that needs clarification or improvement, contact the URS Employer Services Department at 800-753-7318 or 801-366-7318.
New URS Business System

Major Changes on the Way

We look forward to hearing your input as “AUREUS” takes shape

URS is in the early stages of a major, five-year project to replace the information and data system that runs most of our business operations.

We call the new system AUREUS (Advanced Utah Retirement End User System). We’re excited about how it will improve our service to you and your employees.

We’ll provide you regular updates on the status of this project in order to get your feedback and to help you with the transition.

Learn more about AUREUS at the URS Employer Event on March 19. In the meantime, if you have questions, contact the URS Employer Services Department at 800-753-7318 or 801-366-7318.

New Board Resolution Clarifies Participation in Public Safety Systems

The URS Board passed Resolution 2019-01, effective January 10, 2019, which clarifies aspects of participation in the Public Safety Retirement Systems (public safety systems).

Certain administrative personnel participating in one of the public safety systems must maintain their peace officer certification and training to continue participation in the public safety systems. Failure to obtain certification within one year from date of hire may result in loss of service credit in the public safety systems.

Additionally, public safety personnel must get their peace officer certification and training within one year from their hire date to allow for participation in the public safety systems. Failure to obtain certification within one year from date of hire may result in loss of service credit in the public safety systems.

The full resolution is attached at the end of this edition of the Inside Story and is also available online. Please call Employer Services with questions: 800-753-7318 / 801-366-7318.
Help Us Set the Record Straight

Please let us know if your employees receive third-party emails about their URS benefits. We want help clear up any confusion such emails may create, especially if they contain misleading information about URS or give the false impression that the sender is affiliated with URS.

URS does not discourage members from using third-party advisors. But it’s important to set the record straight if they falsely claim to represent URS or have expertise in URS benefits.

If your employees receive any such unsolicited correspondence, we can help you craft messaging to clear up confusion or misconceptions.

Is My URS Pension Secure?
Your employees may hear talk of looming pension crises in other states. These are local, not national, issues. URS is considered one of the most well-managed and well-funded public pensions in the nation. This webpage can help address questions employees might have about the health of the URS pension fund.
