How URS Benefits Utah

URS helps provide a secure retirement for more than 200,000 Utah public employees. In 2019, we paid more than $1.75 billion in pension benefits to retirees in Utah. But these numbers tell only part of the story. This video shows how URS touches the lives of all Utahns -- those directly enriched by our benefits, as well as the communities they serve.

When a Tier 2 member is out on long-term disability leave, their retirement service accrual during that time depends on their employer having a benefit protection contract with URS. Assuming your office has a benefit protection contract, you must submit retirement contributions to URS while the members are on leave, as if they were continuing to work for you.

As the number of Tier 2 members on long-term disability leave continues to grow, it’s becoming more challenging for URS to keep track of them and to seek timely payment from employers. We need your help to ensure contributions are submitted on a regular basis to keep service credit accruing consistently and to avoid interest due on your contributions.

The best way for you to manage payment for these members is by keeping them on your regular contribution reports. If your payroll does not allow for this, there may be other ways for you to keep track of them and to regularly submit contributions to URS.

Please contact URS at 801-366-7318 or 800-753-7318 to discuss ways to regularly submit contributions to URS on behalf of these members.
Tier 2 Public Safety & Firefighter Enhancements

‘Pick Ups’ Require Formal Action

Employers may decide to pay for the employee portion of the additional plan costs

Enhancements to Tier 2 Public Safety & Firefighter retirement benefits will take effect beginning July 1, 2020. They apply to new and current employees in the Tier 2 Public Safety & Firefighter Retirement system for benefits earned after July 1, 2020.

Due to the cost of the plan enhancements, contributions to the Tier 2 Public Safety & Firefighter Hybrid plan will be made by the employer (14%) and the employee (2.27%).

However, an employer may “pick-up” the employee’s portion of the retirement contribution and treat it as an employer contribution under IRS Code.

In order to “pick-up” the employee contributions, an employer must take formal action to provide that the contributions on behalf of all Tier 2 Public Safety & Firefighter members, although designated as employee contributions, will be paid by the agency in lieu of employee contributions.

The action may only apply prospectively and be evidenced by a

‘Pick-up’ Contributions – Key Points

» Employers may “pick-up” Tier 2 Public Safety/Firefighter Hybrid employees’ retirement contributions through formal, documented action.

» Formal action must be taken by July 1, 2020, to cover the employee contribution when the changes go into effect.

» S.B. 56 (2020) would require that if an employer “picks-up” the employee contributions for those in the Hybrid Plan, it must provide an equal non-elective contribution to employees in the Defined Contribution Plan.

» Employer “pick-ups” allow for deferral in income taxes. Employee contributions are generally taxable.

contemporaneous written document (e.g., minutes of a meeting, a resolution, ordinance, or statute).

Employers must take formal action by July 1, 2020, to cover the employee contributions before the benefit enhancements go into effect.

If an employer “picks-up” the employee contribution, taxes on the pick-up contribution may be deferred until the employee receives the contributions as either a refund after termination of employment or as retirement benefits. If an employer does not “pick-up” the employee contributions, they will generally be taxable at the time the contribution is made. An employer “pick-up” plan allows deferral of the income taxes on the employees required contribution amount.

In the 2020 legislative session, Senator Wayne Harper is proposing Senate Bill 56 as a follow up to the changes from enhancements made in the 2019 session. This bill would require that if an employer “picks-up” the contributions for its employees, they must also pay an equal non-elective contribution to Tier 2 Public Safety & Firefighter members in the Defined Contribution Plan.

> It does not open a new window for employees who have worked beyond a year to change their selection between the Hybrid Option and 401(k) Option.  
> It applies to new and current employees in the Tier 2 Public Safety and Firefighter Retirement System, for benefits earned after July 1, 2020. These changes are not retroactive.
Federal Compensation Limits for 2020

Federal rules in accordance with the Omnibus Budget Reconciliation Act (OBRA) prevent URS from accepting contributions on earned salary which exceeds certain limits. One limit applies to members of URS before January 1, 1994, and the other applies to members of URS after January 1, 1994.

Contributions based on salaries reported to URS above these limits will be refunded annually to the employer.

Tier 1 Public Employees’ Noncontributory and Contributory Retirement Systems Elected and Appointed Officials’ Minimum Earnings Requirements

Each month during the term of office elected or appointed officials must earn $500 or more indexed as of July 1, 1990, as provided in Utah Code Ann. §§ 49-12-407 and 49-13-407, in order to be eligible for retirement coverage. The minimum earnings requirements increase each year based on the consumer price index. As of February 1, 2020, through January 31, 2021, the minimum earnings requirements is $1,083 per month.

Tier 2 Contributory Retirement System Elected and Appointed Officials’ Minimum Earnings Requirements

Beginning July 1, 2011, a person initially entering full-time employment shall participate in the Tier 2 system. An elected or appointed official’s position must be certified as full-time by the participating employer in order to qualify for retirement coverage.

URS Savings Plans Updates

URS Acting to Address New SECURE Act Provisions

The following provisions were recently enacted by Congress. URS is in the process of reviewing these provisions and updating the plans accordingly.

This is not a complete list of all provisions, but are those sections we’re taking immediate action for:

» Required minimum distribution requirements (RMDs) for those turning 70½ in 2020 or later has been changed to age 72.

» Members over age 70½ may now contribute to an IRA.

» In-service withdrawals from the 457(b) plan may now be taken at age 59½ and later (similar to the 401(k) plan).

» In-service withdrawals are allowed for a birth or adoption
  › Up to $5,000 total from the member’s savings plans
  › The withdrawal is available for up to one year after the birth or adoption
  › The funds may be recontributed to the savings plans at a later date
  › The withdrawal is not subject to tax penalties

An FYI for long-term planning: There is a provision effective in 2021 wherein an employer must allow long-term/part-time employees to participate in the 401(k) plan. These employees are defined as those who have worked at least 500 hours per year in three consecutive years.

2020 Contribution Limits

<table>
<thead>
<tr>
<th>Plan</th>
<th>Maximum Employee Contributions</th>
<th>Additional Employee Catch-up Contributions (age 50+)</th>
<th>Employee and Employer Combined Contribution Limit (below age 50/age 50+)</th>
</tr>
</thead>
<tbody>
<tr>
<td>401(k)</td>
<td>$19,500</td>
<td>$6,500</td>
<td>$57,000/$63,500</td>
</tr>
<tr>
<td>457(b)</td>
<td>$19,500</td>
<td>$6,500</td>
<td>$19,500/$26,000</td>
</tr>
<tr>
<td>Traditional IRA</td>
<td>$6,000</td>
<td>$1,000</td>

<td>N/A</td>
</tr>
</tbody>
</table>

Roth and Traditional IRA Contribution Limits » The IRA limit is combined; employees are limited to a total of $6,000/$7,000 for all of the IRAs that they own.
URS Savings Plans Updates

Summary of Important Benefit Notices

» Due to recent changes to state court rules, URS may delay a member’s transaction requests if they’re involved in divorce proceedings. See Utah Rules of Civil Procedure 109.

» Terminated employees who have taken a distribution of all vested funds from the Savings Plans, and who are not vested with URS, may no longer be eligible to participate unless they reemploy with a participating employer.

» Withdrawals from the Savings Plans based upon termination (does not apply to members over age 59½ or those retiring from URS):

  › URS will require a separation from service of 30 days prior to processing the withdrawal request;
  › The termination cannot be a change of employment to another participating employer; and
  › There cannot be a prearrangement for employment with a participating employer.

Hardship Withdrawals:

» The participants no longer must suspend their contributions to the plans for 6 months.

» The hardship must meet the definition of certain circumstances outlined on the hardship withdrawal application. There will not be an “other” catchall category.

See “Important Benefit Notices” for more-detailed information.
