## myURS New Authentication

YOU MAY HAVE NOTICED SOME CHANGES to the myURS log in process. To better protect your information, we're adding security features to myURS. If you would like to access your myURS account online to view your balance, make investment transfers, enroll etc., you must complete the new authentication process. Please follow the steps below to set up your new log in information. Go to [www.urs.org](http://www.urs.org) and click on **Member Login** in the upper right hand corner to begin.

The requirements for your user ID and password are changing. You may have to create new ones.

1

Select a security image and phrase. These will help you identify your account. If you don't see them when you log in, you may be in the wrong place or your security may have been compromised.

2

### New User ID

- At least eight characters long
- Cannot contain your SSN
- Only letters, digits, and underscores

### Email Address

### Password

- At least eight characters long
- Must use at least three of the following:**
  - lower case letters
  - upper case letters
  - numbers
  - symbols

### Confirm Password

### Security Image

Choosing a security image helps you identify your account. If you were ever to see an image other than the one you chose, it would mean you are in the wrong place, or someone is possibly hacking your account. The same applies to the Security Phrase below.
